

# COVID-19 Keeping Our Store Safe

To keep our store safe we must;

- Wash our hands regularly
- Clean and sanitise high touch areas including;

- Fuel Nozzles
- Fridge Doors
- Self Serve Beverage Machines
- Coffee Machines
- Self Serve Tongs
- Bathrooms (including doors)

- Provide hand sanitizer at the counter for customers to use after filling up

**We need to be calm, but cautious.**

**We need to look after our own health and ensure that our high standards of hygiene and cleanliness are taken to an even higher level to keep ourselves, and those most vulnerable in our community safe**
